

—Sena Kimbrell

At a very early age I learned I had to fight to overcome obstacles. I was born prematurely at 2 pounds with undeveloped organs, and my retinas were damaged from my stay in an incubator. After being released from the hospital, I went home to my poor, unstable family. Luckily, my grandparents took me in when I was 2. Though they lacked financial resources, they provided me with a loving home. Today, I return that love by caring for them daily. I am also a single mom to my son, Zain, and run my own plant-care business. With the help of a Soroptimist Women's Opportunity Award, I am enrolled in college and studying alternative medicine. Now I am one step closer to living my dream of becoming a doctor of Oriental Medicine and providing a better life for myself and my son. I am grateful to Soroptimist and all the people who financially support their programs that help women like me.

May this gift bring you joy this holiday season, as it brings hope and inspiration to women.

A donation has been made in your honor to Soroptimist International of the Americas to support programs that improve the lives of women and girls, in local communities and throughout the world.
